

Business Travel and Expense Policy

Version 1.0 | Effective date: January 1, 2026

1 Purpose, Scope, and Authorization

This policy covers reasonable and necessary expenses incurred during approved business travel. Obtain written manager approval before booking transportation or lodging. Personal travel, commuting, upgrades, fines, and expenses for unapproved guests are not reimbursable.

2.1 Transportation

Book the lowest logical economy airfare or standard rail fare through the approved travel channel. A business-class exception requires director approval before booking. Reasonable local transportation between the airport, hotel, and business location is reimbursable with an itemized receipt.

2.2 Hotel Reimbursement

The standard hotel reimbursement limit is 200 USD per night before applicable taxes. Use the company's preferred hotels when available. A higher rate requires written pre-approval from the department director and must be explained in the expense report.

2.3 Meal Reimbursement

Eligible employees may claim up to 75 USD per travel day for business meals, including applicable taxes and gratuity. Alcohol, personal entertainment, and meals for unapproved guests are not reimbursable. Meals provided by the conference or host must be deducted from the daily claim.

3.1 Receipts and Documentation

Itemized receipts are required for individual expenses of 25 USD or more. Each claim must include the business purpose, dates, location, attendees when applicable, and the related manager approval. A lost receipt requires a signed declaration and finance approval.

3.2 Submission Deadline and Reimbursement

Submit the completed expense report through the finance portal within 30 calendar days after returning from travel. Finance reviews policy compliance and normally processes approved reports in the next payroll cycle. Returned reports must be corrected and resubmitted.

4 Exceptions and Fraud Prevention

Exceptions must be approved in writing before the expense is incurred unless an emergency makes advance approval impossible. Falsified, duplicated, or personal claims may be rejected and referred for disciplinary review.
