

Employee Time Off Policy

Version 3.0 | Effective date: January 1, 2026

1 Purpose and Scope

This policy defines paid annual vacation and personal time for regular full-time employees. It applies to employees working in all company offices unless a local statutory rule or signed employment agreement provides a greater entitlement. Medical leave, parental leave, and public holidays are governed by separate policies.

2 Eligibility and Accrual

Employees begin accruing vacation on their employment start date and may schedule accrued time after completing the 30-day onboarding period. Vacation is credited at the beginning of each calendar year. Employees joining during the year receive a prorated balance based on their start month. Part-time and temporary employees follow the entitlement in their written agreement.

3.1 Annual Vacation Entitlement

Eligible employees receive 20 paid vacation days per calendar year. Vacation is taken in half-day or full-day increments. Employees should check their available balance in the HR portal before submitting a request.

3.2 Request and Approval Procedure

Submit a vacation request in the HR portal at least 10 business days before the planned start date. The line manager must approve the request before travel or other non-refundable arrangements are made. Approval depends on staffing needs and does not guarantee approval during restricted business periods.

3.3 Carry Forward and Expiry

Up to 5 unused vacation days may be carried into the next calendar year and must be used by March 31. Days above 5 expire on December 31 unless HR has approved a written exception because of business-directed deferral or applicable law.

3.4 Cancellation and Separation

A manager may ask an employee to reschedule approved vacation only for a documented business emergency. Employees should cancel changed plans in the HR portal. At separation, unused accrued vacation is handled according to applicable law and payroll procedures.

4 Exclusions and Contacts

This policy does not define medical leave, parental leave, disability accommodation, or benefits eligibility. Contact HR Operations for balance corrections or policy interpretation and contact the line manager for scheduling decisions.
